skydu

Delivery in Riyadh

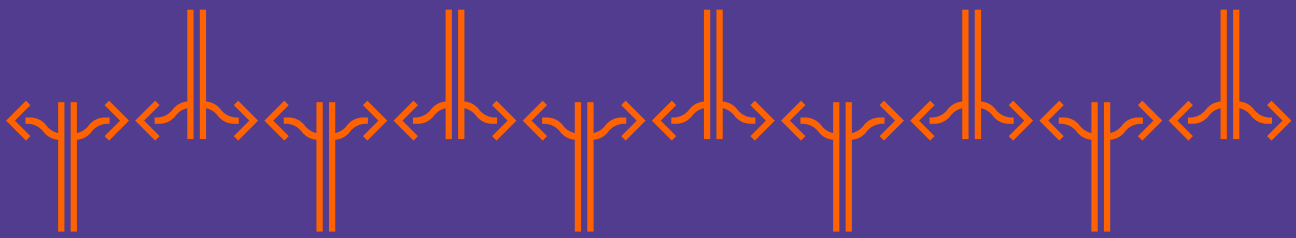

You sell.
We deliver.

Same day

Orders we get in the morning reach your customers the same day.

From ﷼9 an order

Excluding VAT. No subscription, no minimum.

Three steps.

skydu delivers for stores in Riyadh. We pick up your orders and hand them to your customers the same day.

You order

From your skydu account, your platform, or an Excel file.

We collect

Our car picks up the orders at your store.

We deliver

Into your customer's hands, with a confirmation code.

WHO IT'S FOR

Retail stores	**Pharmacies**	**Fashion & electronics**	**Online stores**

What we carry

Anything you can carry by hand, up to 30 kg: clothes, electronics, cosmetics, medicine, documents, food. No furniture, nothing bigger.

If your customer isn't in

We keep the order and try again. Nothing gets lost, and we don't stop after one attempt.

From

Per order. Any district, every day.

* Price excludes VAT. Large parcels (over 45×34×26 cm) cost more.

No monthly subscription

No order minimum

No district-by-district pricing

WHAT THE PRICE COVERS

- **Pickup from your store**
- **Delivery to your customer**
- **WhatsApp updates for your customer**
- **A second attempt at a new time**

You see the price of each order before you place it. No hidden fees. An order we can't deliver and bring back to you: the same delivery price, no return fee.

We work for every store

Not tied to one retailer or platform. Open to any store in Riyadh, large or small.

We don't pick the easy districts

We publish our coverage area, then commit to every address inside it — same price, same promise.

Peace of mind

Your customer gets a WhatsApp message at pickup, on the way, and on arrival — so they don't call you.

Start with one order

A free account, ready in minutes. No long contract.

Place your first order today.

Your skydu account

ship.skydu.io

Place and track orders, print labels, or upload them all in one Excel file.

Connect your system

developers.skydu.io

Connect it through our API. We also work with Salla, Zid, Omniful and OTO.
